

## FyreWrap® Duct Insulation & Fire Protection Products

[Fyrewrap Home](#)

FyreWrap® Fire Protection Solutions For Global Markets  
FyreWrap® is a registered product of Unifrax I LLC  
On the web at: <http://www.unifrax.com>

### FyreWrap® Duct Insulation & Fire Protection Products

**FyreWrap® Fire Protection Products** offer a wide array of proven systems to meet all of your passive fire protection needs. Each FyreWrap product is manufactured with thin, lightweight, materials capable of providing fire protection up to 2300°F (1260°C).

The **FyreWrap product portfolio** includes *Elite® 1.5 Duct Insulation* for grease and air duct systems, *0.5 Plenum Insulation*, *Marine* and *Rail Car Blankets*, *XFP Expanding Papers*, as well as *Cable Tray Insulation*. Unifrax has designed and tested each system for optimal performance in order to satisfy international and local code requirements in a range of industrial, commercial, manufacturing, and transportation industries.

Unifrax has manufactured **refractory ceramic fibers** & **high temperature insulation** products for a variety of industrial & commercial heat management solutions since 1942.
